

ERA SCHOLARSHIP PROGRAMME

Do you know a legal practitioner who could benefit from training in EU law but cannot afford the cost of participating?

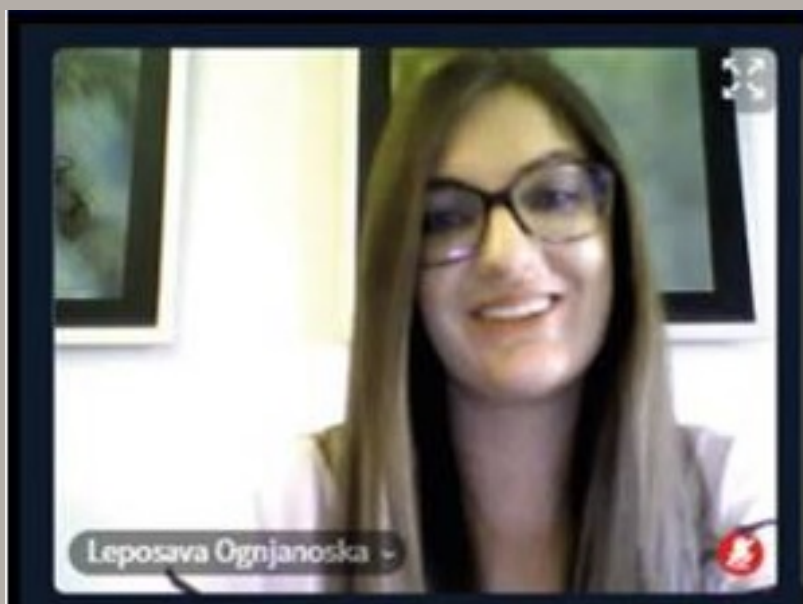

ERA runs a scholarship programme to ensure that all legal practitioners from EU member states and candidate countries have the opportunity to participate in professional training on European law.

The ongoing coronavirus pandemic continues to cause uncertainty but most of our upcoming events in 2022 will take place face-to-face or in a hybrid format.

The ERA scholarship programme is currently open for applications for events until the end of September. Applications must be submitted at the latest two months (for face-to-face events) or one month (for online events) before the event. Please visit our website to view ERA [Summer Courses](#) and [other upcoming events in 2022](#).

Please share this information with your network or encourage friends and colleagues to contact us directly to be added to our mailing list so that more practitioners of law can benefit from ERA's training programme.

With the generous support of the Friends of ERA and our other partners, ERA provides scholarships for lawyers, judges, prosecutors and officials from EU member states, candidate countries and potential candidates who otherwise could not afford to attend the events organised by ERA.
